Your contribution of $35.00 will support: women's centres, sanitation projects, family welfare programs, children's day nurseries, etc. Because of the tremendous support of Canadians for the cause of freedom in South Africa, the African National Congress (ANC) has established the CANADIANS AGAINST APARTHEID FUND so that you can now participate directly in the struggle to end apartheid. Each and every contribution will help. See the "Social Concern" bulletin board for more information and to read about Sipho, a 14 year old South African boy who went through torture for taking a stand against apartheid. *(See last page of U.I.)

Peace

Item: NITASSINAN: Practicing for World War Three.

Details: Nitassinan is an area in the Quebec-Labrador peninsula which is home to 10,000 Innu. They have lived there for at least 9,000 years. Since the early 1980's the Canadian government has been working to convince NATO that Nitassinan would be an ideal site for a Nato Tactical Fighter and Weapons Training Centre. Canadian government brochures and videos have described this area as "wilderness interior devoid of human habitation." This programme entertains low-level flight training, resulting in painful & destructive noise levels and frequent crashes. The Comité pour la démilitarisation du Nord is launching this campaign against this abuse of human rights against the Innu people. See the "Peace" bulletin board for more information about what action to take . The address for the Comité is: 5770 Côte des Neiges, Montreal, Que. H3S 1Y9, phone: 522-3387.
